Malik Abdul Rehman Khursheed

Software Engineer — Full-Stack Developer

📞 0304-5919-454 ✉ malik.ali5560@gmail.com 🔗 [Abdul-Rehman](#)

Passionate and results-driven Software Engineer with 4+ years of experience in both front-end and back-end development. Proficient in creating scalable web applications using Next.ts, React, Nest and Node.js. Skilled in leading development teams and employing agile methodologies, Test-Driven Development (TDD), and SOLID principles. Adept at integrating user-centric designs and business logic to deliver solutions that improve performance and increase customer value. Proven ability to lead and mentor junior developers, implement best practices, and deliver high-quality scalable solutions.

TECHNICAL SKILLS

Languages: Typescript, JavaScript, HTML/CSS, Kotlin
Frontend Technologies: Next.ts, React, Redux, Redux Toolkit, React Query, SCSS, MUI, Jest, Bootstrap 5
Backend Technologies: Nest.js, Node.js, Spring Boot , Express.js, MongoDB, REST APIs
Cloud & Tools: NPM, AWS (S3, CloudFront, Lambda, Route 53), Docker, Git, Prometheus, Grafana, Webpack, Postman, Vercel, Netlify, Swagger
Methodologies: Agile, TDD, SOLID Principles, Micro Front-ends, Continuous Integration (CI/CD)
Other: Component-Container Design, Clean Architecture, MVC, Small Releases, Continuous Refactoring, Mob Programming

EXPERIENCE

Bazaar Technologies   Islamabad, Pakistan
Senior Software Engineer - I   *March 2023 - Present*

- Currently leading the development of the **Bazaar Web App**, overseeing the end-to-end implementation of core features and ensuring scalability and maintainability in **Nextjs** and **Nestjs**.
- Led the development of partner portal in **React** for Bazaar partners, enhancing front-end architecture by integrating Bazaar's custom component library and improving the user experience.
- Spearheaded the automation of invoice generation and tax calculations for internal apps, reducing manual efforts as it was previously done by finance department.
- Drove the implementation of **Test-Driven Development** and ensured design consistency following **SOLID** principles.
- Achieved a **47% increase in customer order value** through the development of gamification features in customer loyalty programs.
- Recognized as a **hackathon runner-up** in an internal company event for innovative contributions.

Orcalo Holdings   Oct 2021 – March 2023
Front End Engineer and Junior front end team lead   *Rawalpindi, Pakistan*

- Managed and mentored a team of 24 junior developers, ensuring timely delivery of projects using **React**, **Next**, **Angular**, and **Node.js**.
- Introduced and enforced the **Component-Container design pattern** to separate UI from business logic, improving maintainability.
- Integrated multiple third-party tools and APIs such as react-query, enhancing the client-server communication layer.

Orcalo Holdings   August 2021 – Oct 2021
Junior Node.js Developer   *Rawalpindi, Pakistan*

Orcalo is a UK based Company that has an offshore Company registered as Orcalo Pakistan.
As a Junior API Developer I was responsible for:

- Developed and maintained server-side components and APIs for services including airtable, twilio sms, twilio sendgrid.

- Documented Typescript process including database schemas.

Web Mekanics   Nov 2020 – Jun 2021
Software Engineer-Python Intern   *Rawalpindi, Pakistan*
  - Developed responsive front-end designs for automobile-related products.
  - Built REST APIs using Django to retrieve and present real-time data insights.

HIGHLIGHTED PROJECTS

Bazaar Web App: *https://www.bazaarapp.com/*

MYSITE website: *https://mysitetech.com/*

Bazaar Partner Portal: *https://partners.bazaar.technology*
  - Developed a React application for partner insights using React, MUI, and React Query.

Bazaar Main Website https://www.bazaartech.com/ | *WebFlow, HTML, CSS, Vanilla JavaScript*
  - Integrated dynamic job postings using WebFlow, HTML, CSS, and Vanilla JavaScript.

Check My DBS https://app-dev.checkmydbs.co.uk/login |
  - Developed a web application for DBS certificate verification platform for UK companies using React, Next.js, Typescript, RTK query.

EDUCATION

Hitec University   2017 - 2021
Bachelor of Science in Computer Science (GPA: 3.29 / 4.00)   *Taxila*

Certifications

  - **React with Redux & Next.js**, Academind

  - **Angular Mastery**, Academind

  - **AWS Technical Essentials**, Coursera

  - **Node.js Course**, CodewithMosh

  - **Microsoft MTA: Introduction to Python**, Microsoft

Achievements & Awards

  - **Hackathon Runner-Up**, Bazaar Technologies

  - Led the development of a feature that increased customer order value by **47%**.

  - Speed Programming Competition Runner-Up, Hitec University.
